connections

envisagecloud.ie/connections

Connections from **Envisage** sits between your **Sage software*** and **EPOS system**, enabling data to flow seamlessly between your stores and your finance system, giving you access to the information you need, when you need it.

*Sage 50cloud and Sage 200cloud

How does it work?

Connections pulls sales and delivery data from **EPOS systems** into your **Sage software**, providing accurate and real-time financial data, right down to profitability by department, using a modular approach.

Retail **Connect**

Retail Connect manages your sales and cash transactions, automates the validation and mapping for accounting purposes and posts transactions directly into your Sage software in a just a few clicks.

Supplier **Connect**

Supplier Connect auto-matches deliveries against supplier invoices, allows you to easily spot quantity or pricing errors, and leaves only the exceptions to manage.

Scan **Connect**

Scan Connect integrates with Canon's Therefore application, allowing you to scan and import documents using workflows, automatic indexing and web forms. You can easily view delivery documents from within Connections - reducing the number of queries going back to your suppliers.

OCR **Connect**

OCR Connect works alongside Supplier and Scan Connect by taking invoices from any source and processing them through Connections directly into your Sage software without having to key them in manually.

Key Benefits:

✅ **Efficiencies:**
Reduce the amount of manual data entry by simply integrating your EPOS system with your Sage accounting software

✅ **No More Paperwork:**
Go Green and experience a zero clutter, paperless office environment

✅ **Automation:**
Auto-matching of deliveries and electronic supplier invoices means you will save time with only the exceptions to manage

✅ **Scalability:**
Grow and scale your retail business without necessarily incurring additional staff overhead costs

✅ **Accuracy:**
Get performance insights at a granular level and rapidly generate accurate management accounts

✅ **Keep proper audit trails:**
Ensure every transaction is accounted for, helping to speed up your audit time and costs

Customer Testimonials

corrib oil
fuel for life

"*The results have been astonishing. Increases in efficiency and productivity as well as accuracy accrued to the division from the Sage 200cloud and Connections Solution have been exceptional.*"

Richard Carroll, Financial Controller **(Corrib Oil)**

sewell onthego

"*Connections has been a big success, saving a significant amount of input time at our head office and also improving the accuracy of margin analysis. The Envisage team are a pleasure to deal with and worked with us to ensure the product fit with our particular business needs.*"

Alex Mortimer, Finance Director **(Sewell Retail)**

Mr price Branded Bargains

"*We run an efficient and well organised accounts office and with large volumes of transactions across our 51 stores, Connections is a crucial piece of the jigsaw. It has means our processes are streamlined, we have reduced our dependence on external spreadsheets and the big win for our finance department is that we are working with accurate and quality data and as result we can complete our Month Ends much quicker than before, even as we continue to expand.*"

Rebecca Callan, Finance Manager **(Mr. Price)**

connections
