

A B2B sales app designed to help your field sales team sell smarter and faster.

SalesRep app is optimized for speed and designed with the wholesale selling process in mind. Your reps can quickly and conveniently showcase your product catalogue with images and descriptions. They can easily add and remove items to an order and submit orders in real-time to your ERP software. All with a few simple taps.

Some benefits of the Aphix SalesRep App

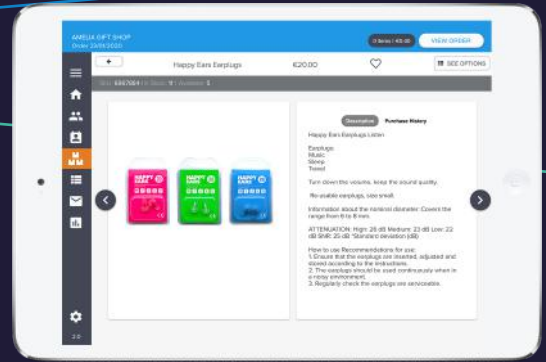

- ✓ Real-time integration with your ERP
- ✓ Significantly reduce order processing costs
- ✓ Increase efficiency and accuracy of orders
- ✓ Better utilisation of sales force time
- ✓ Reduce duplicate data entry
- ✓ Create opportunities with built-in CRM
- ✓ Manage customers in one central place
